

We Can Ride Rider Weight Limits

In keeping with our veterinarian's recommendations, the following rider weight limits have been established. Depending on client appropriateness, horse and volunteer availability, WCR reserves the right to refuse service to anyone in order to provide the safest experience. If necessary, special consideration will be made based on muscle tone and mobility.

Please be sure the medical history form height/weight is listed and accurate!

<u>Height</u>	<u>Maximum weight</u>
Under 5 feet	- 100 lbs
5' – 5'6"	- 120 lbs
5' 7" – 6'	- 140 lbs

***Weights for hippotherapy follow different guidelines.**
